MULTIFAMILY MANUFACTURED HOME – California Health and Safety Code, section 18008.7:

(a) "Multifamily manufactured home," for the purposes of this part, means either of the following:

(1) A structure transportable under permit in one or more sections, designed and equipped to contain not more than two dwelling units, a dormitory, or an efficiency unit, to be used either with a support system pursuant to Section 18613 or a foundation system pursuant to subdivision (a) of Section 18551.

(2) A structure transportable under permit in one or more sections, designed to be used with a foundation system for three or more dwelling units, as defined by Section 18003.3.

(b) Multifamily manufactured homes shall be constructed in compliance with applicable department regulations. The egress and fire separation requirements of Title 24 of the California Code of Regulations applicable to dormitories, hotels, apartment houses, and structures that contain two dwelling units shall also be applicable to all multifamily manufactured homes constructed for those purposes. The accessibility and adaptability requirements of Title 24 of the California Code of Regulations applicable to covered multifamily dwelling units shall also be applicable to multifamily manufactured homes containing three or more dwelling units.

(c) Notwithstanding any other provision of law, all provisions of law that apply to manufactured homes shall apply equally to multifamily manufactured homes, except as provided in this section....

Standards For New Units – HCD Laws and Regulations; Ref. California Health and Safety Code, sections 18008.7 and 18025; title 25 of the California Code of Regulations, chapter 3; by reference the California Building Standards Code, title 25, for accessibility, adaptability, egress, and fire separation requirements.

Jurisdiction: Design and construction, HCD. Alterations or conversions, HCD. Installations in HCD-Parks, HCD. Installations outside of parks, City/County (exception: inside of parks when the Local Enforcement Agency (LEA)).

MOBILEHOMES – California Health and Safety Code, section 18008:

(a) "Mobilehome," for the purposes of this part, means a structure that was constructed prior to June 15, 1976, is transportable in one or more sections, is eight body feet or more in width, or 40 body feet or more in length, in the traveling mode, or, when erected onsite, is 320 or more square feet, is built on a permanent chassis and designed to be used as a single-family dwelling with or without a foundation system when connected to the required utilities, and includes the plumbing, heating, air conditioning, and electrical systems contained therein. "Mobilehome" includes any structure that meets all the requirements of this paragraph and complies with the state standards for mobilehomes in effect at the time of construction. "Mobilehome" does not include a commercial modular, as defined in Section 18001.8, factory-built housing, as defined in Section 19971, a manufactured home, as defined in Section 18007, a multifamily manufactured home, as defined in Section 18008.7, or a recreational vehicle, as defined in Section 18010.

(b) Notwithstanding any other provision of law, if a codified provision of state law uses the term "mobilehome," and it clearly appears from the context that the term "mobilehome" should apply only to mobilehomes, as defined under subdivision (a), the codified provision shall apply only to those mobilehomes. If any codified provision of state law, by its context, requires that the term applies to mobilehomes or manufactured homes without regard to the date of construction, the codified provision shall apply to both mobilehomes, as defined under subdivision (a), and manufactured homes, as defined under Section 18007.

Standards For Units – HCD Laws and Regulations; Ref. California Health and Safety Code, section 18025; title 25 of the California Code of Regulations, article 1.2 and section 4050.

Jurisdiction: Design and construction, HCD. Alterations or conversions, HCD. Installations in HCD-Parks, HCD. Installations outside of parks, City/County (exception: inside of parks when the LEA).

MANUFACTURED HOME – U.S. Code, section 5402(6), and California Health and Safety Code, section 18007:

(a) "Manufactured home," for the purposes of this part, means a structure that was constructed on or after June 15, 1976, is transportable in one or more sections, is eight body feet or more in width, or 40 body feet or more in length, in the traveling mode, or, when erected on site, is 320 or more square feet, is built on a permanent chassis and designed to be used as a single-family dwelling with or without a foundation when connected to the required utilities, and includes the plumbing, heating, air conditioning, and electrical systems contained therein. "Manufactured home" includes any structure that meets all the requirements of this paragraph except the size requirements and with respect to which the manufacturer voluntarily files a certification and complies with the standards established under the National Manufactured Housing Construction and Safety Act of 1974 (42 U.S.C., Sec. 5401, and following).

(b) Notwithstanding any other provision of law, if a codified provision of state law uses the term "manufactured home," and it clearly appears from the context that the term "manufactured home" should apply only to manufactured homes, as defined under subdivision (a), the codified provision shall apply only to those manufactured homes. If any codified provision of state law, by its context, requires that the term applies to manufactured homes or mobilehomes without regard to the date of construction, the codified provision shall apply to both manufactured homes, as defined under subdivision (a), and mobilehomes as defined under Section 18008.
