

SVABO
CODE REVIEW AND DEVELOPMENT COMMITTEE REPORT TO SVABO BOARD
June 9, 2023

1. Meetings:

We meet monthly unless conflicts arise. Meetings are always hybrid, and we've held meetings at Mogavero Architecture; the City of Lincoln, the City of Roseville, and at BPR Consulting Group. Several meetings have been virtual only.

2. Committee Members:

Bill Rodgers, BPR Co Chair
Jay Hyde, Mogavero Architects, Co-Chair
Stacey Rappleye, Roseville
Will Foote, CBO Lincoln
Paul Menard, CBO UCD Health
George Kabaivanov, City of Richmond
Andrew Burke, BPR Consulting Group
Flo Reaugh, Plans Examiner
Michael Bernino, City of Sacramento
Mason Shaw, City of Woodland

3. Ongoing work and goals include:

- Monitoring and reporting of mid-cycle changes. We will prepare presentation for membership plus handouts as we get closer to these changes going into effect.
- We will give a progress presentation of forthcoming changes to the main group in the fall.
- Participating in LA Basin Code Committee meetings. This gives us insight on how a long-running, well-organized committee is run, and provides us leverage for effecting changes in the code.
- We would like to develop the following for the website:
 - Code question forum
 - List of trusted code interpretation sources
 - Summaries of code interpretations by SVABO
 - A tool for bringing code topics to the general meetings for discussion.
- We propose sending four people to the 2023 ICC Annual Conference and Expo in St. Louis, October 8-11.

4. Budget:

We propose a \$10,000 budget as follows for the St. Louis meeting:
